**Quality: It's in the Details**

Ambition is modern. The simplicity of design features meticulous quality standards, premium materials and precision engineering. Practical and decorative details combined with superior construction enhance product performance and aesthetics. Metal-to-metal fittings with dowel joinery ensure components fit together securely and allow for ease of assembly. Advanced manufacturing technologies and unparalleled quality is evident with the achievement of EdgeVantage™. The result is a seamless edge with an impenetrable seal.

**Mass Customization**

A Private Office solution with a generous selection of standard components and custom specifications. Flexibility in product design allows custom components to be uniquely tailored to accommodate specialized sizes and requirements. Distinctive materials are well suited to the Private Office. Frosted glass with aluminum, perforated metal and durable laminates provide a rich contrast. Cost effective material options include: Melamine and High Pressure Laminate, and Reconstituted Veneer.

**Storage**

Organizational requirements are met with a full range of filing and storage options. Storage options include: credenzas, lateral, wardrobe and storage cabinets as well as an assortment of personal storage towers. Storage modules are available in a variety of styles and sizes with many unique features. Mobile Pedestals with seat cushion provided added versatility. Storage components can be specified with laminate or glass doors, with a choice of handles.

**Office Technology**

Ambition is equipped to address the need for effective technology management. Power Ports facilitate convenient power & data access. Cable management channels route and conceal excess cables from view beneath the worksurface. Accessories include sliding and articulating keyboards.
