Bold, modern storage. Rolflex Shelving is designed to provide full-height space division with display and media storage capabilities. Double-sided storage modules can be combined and configured to provide privacy within open plan and lounge areas or easily relocated to the private office. Storage modules are uniquely divided. The use of laminate and acrylic fascias adds visual interest and creative application of finishes.

Storage modules measures 30" w.

Media module measures 54" w.

Media opening measures 51" w x 31-1/2" h (60" Diagonal).

Media Storage is equipped with integrated wire management channels to facilitate cables from core drill or wall.

All modules measure 15" d.

Modules are available in 3 heights: 90", 70" and 56".
